PROFESSIONAL SUMMARY

Creative and motivated Frontend Developer with extensive experience in the banking industry. Working in a customer-centered environment helped me to be highly effective at collaborating with team members and paying attention to details. I am an excellent communicator and natural problem solver with a positive attitude and optimistic approach. I am proficient in implementing high-quality and responsive websites using React/hooks, JavaScript, HTML, CSS, and other UI technologies.

EXPERIENCE

Frontend Developer, Kaput.am. Game startup, remote 01.2021 to 02.2022

Kaput.am is a fast-growing game startup that delivers online gaming experiences. Working as a side project on a React app.

- Increased user interaction by avg. 30% using competitive analysis and research.
- Gathered user requirements, designed new UI elements, and got positive feedback from users.
- Improved website performance by avg. 20% using optimization techniques.
- Collaborated with other developers to brainstorm project lunch ideas.

Environment: UI, UX, HTML5, CSS3, JavaScript, ES6, Ajax, JSX, React/hooks, NodeJS, SEO, Responsive design, Github/Git, Trello, Agile.

Frontend Developer Intern, TCO LLC, remote 06.2019 to 06.2019

TCO LLC is an Armenian-based IT Startup, where I started my training and career as a Frontend developer.

- Converted design mockups into functional web applications using HTML, CSS, and Bootstrap.
- Designed web pages and user applications that meet business and user goals through a positive user experience.

Environment: UI, HTML, CSS, Bootstrap.

Accountant-Cashier, ARMECONOMBANK OJSC, Yerevan, Armenia 12.2014 to 10.2018

ARMECONOMBANK is one of the largest banks in Armenia. Worked in a customer-centered environment.

- Performed all duties with high responsibility to ensure all deadlines were met on time.
- Ensured customer satisfaction with patience, open-mindedness, and a positive attitude.
- Processed 30+ customer transactions per hour with extreme attention to detail.
