## PROFESSIONAL SUMMARY

---

Creative, detail-oriented and enthusiastic Frontend/UI Engineer with extensive experience in accounting systems. Switched my profession to follow my passion in IT technologies. Highly effective at working in a challenging and fast-paced environment. Expertise in developing user interfaces for web applications and responsive design using HTML5, CSS3, JavaScript, React and other UI technologies.

## EXPERIENCE

---

### UI Engineer, Kaput.am. Game startup, *remote*

01.2021 to current

Kaput.am is a fast growing game startup that delivers online gaming experiences. Working as a side project.

- Enriched the user interaction by using the competitive analysis and research.
- Designed new project ideas and UX, implemented the UI using CSS, React, Node.js.
- Collaborated with other developers to brainstorm on project lunch ideas.
- Involved in using GIT for project management and version control.

### UI Engineer Intern, TCO LLC, *remote*

06.2019 to 06.2019

TCO LLC is an Armenian based IT Startup, where I started my training and career as a UI Engineer intern.

- Converted design mockups into functional web applications using HTML, CSS, Bootstrap.
- Provided full testing, speed optimization, accessible and usable products.
- Designed web pages and used applications that meet business and user goals through a positive user experience.

### Accountant, ARMECONOMBANK OJSC, *Yerevan, Armenia*

12.2016 to 10.2018

ARMECONOMBANK is one of the largest banks in Armenia. Worked in customer centered environment.

- Offered excellent customer service by constantly improving communication skills.
- Performed all duties with high responsibility to ensure all deadlines were met on time.
- Ensured customer satisfaction with patience, open-mindedness, and a positive attitude.
- Processed 30+ customer transactions per hour with extreme attention to detail.

## TECHNICAL SKILLS

---

- HTML, CSS, SASS, React, JavaScript, Bootstrap
- Responsive design, Browser Compatibility
