PROFESSIONAL SUMMARY

Creative, motivated, and passionate junior Frontend/UI Developer with extensive experience in accounting systems. Highly effective at working and collaborating with team members to accomplish projects on time. Expertise in developing user interfaces for web applications and a responsive design using HTML5, CSS3, JavaScript, React, and other UI technologies.

EXPERIENCE

UI Engineer, Kaput.am. Game startup, *remote*   01.2021 to 02.2022

Kaput.am is a fast-growing game startup that delivers online gaming experiences. Working as a side project.

- Increased user interaction by 10% using competitive analysis and research.
- Gathered user requirements, designed new UI elements, and got positive feedback from users.
- Collaborated with a team to unpack user issues and find solutions in the most effective ways.
- Involved in using GIT for project management and version control.

UI Engineer Intern, **TCO LLC,** *remote*   06.2019 to 06.2019

TCO LLC is an Armenian-based IT Startup, where I started my training and career as a UI Engineer intern.

- Converted design mockups into functional web applications using HTML, CSS, and Bootstrap.
- Provided full testing, speed optimization, and accessible and usable products.
- Designed web pages and used applications that meet business and user goals through a positive user experience.

Accountant, **ARMECONOMBANK OJSC,** *Yerevan, Armenia*   12.2016 to 10.2018

ARMECONOMBANK is one of the largest banks in Armenia. Worked in a customer-centered environment.

- Performed all duties with high responsibility to ensure all deadlines were met on time.
- Ensured customer satisfaction with patience, open-mindedness, and a positive attitude.
- Processed 30+ customer transactions per hour with extreme attention to detail.

TECHNICAL SKILLS

- HTML, CSS, SCSS, React, JavaScript, Bootstrap
- Responsive design, Browser Compatibility
- SEO best practices, Usability, Accessibility
- Basic Back-End: Node.js
- Version Control: Git
